

Letters to the Editor

of our community. In addition to offering up to \$1,500 in college and high school scholarships every year, club members plant and maintain gardens at the Senior Center, Historical Society and The Yellow House, offer garden therapy programs to seniors at Cheshire Regional Rehab Center and Marbridge Retirement Center, provide floral arrangements to patients at Connecticut Hospice, maintain planters in front of the Cheshire Library, and decorate the Historical Society for the holidays.

It is the support of the hundreds of people who purchase plants at our sale that make all these initiatives possible. We thank our first time customers along with those who have been attending our sale for many years. And, of course, the sale could not be a success without the hard work of Suburban Garden Club members who supply perennials from their gardens and raise the vegetables and herbs.

The Suburban Garden Club is proud to be of service to the Cheshire community.

Plant Sale Chairs

Generous gardeners

To the editor:

Thank you to all who patronized The Suburban Garden Club of Cheshire's 57th annual plant sale on May 7. The funds raised allow club members to perform a variety of activities in support

Cheshire Citizen 5/12/16
